

Robotovate (RoboRAVE Kaga Japan 2018)

●**Goal:** Market, for votes from all attendees at RoboRAVE Kaga Japan 2018, an innovative, working robotic product (autonomous and/or remote controlled) that customers will want to buy!

●**Who Can Play:**

Teams of 2 to 4 players in one division for:

- Middle School
- High School

●**Robot Theme:**

Useful/Convenient for daily living

Design and create your own robot as this theme.

You can prepare some business card, promotional flyer or promotional video.

●**Voting Determines the Top Teams:**

- **No JUDGING!** RoboRAVE contestants will have the opportunity to cast one vote on their favorite, most innovative product.
- The box which is votes casted in is settled on each team table, during scoring period.
- Vote counting is starting after votes finished.

●**Track:**

- None – you have a table and chair but you are also free to roam the event pitching your product for votes.
